

Registration and Membership Committee Annual Report
AGM 2010

The Jurisprudence Exam has been successfully implemented. 14 have been administered, with an average grade of 88%. Council has recently set a passing grade of 80%, which will apply to any new applicant.

We are working on the issue of registering Applied Behaviour Analysis doctoral graduates from the University of Manitoba. The specifics of this are being affected by the as yet unknown implications of the coming Regulated Health Professions Act (RHPA).

The committee membership of R&M has remained the same over this past year and I would like to take this opportunity to thank these committee members for their time and efforts: Dr. Bill Davis, Dr. Andrea Kilgour, Dr. Gail Robertson and Dr. Kent Somers. Gail Robertson has decided to step down from this committee after many years of service and we are in the process of recruiting two new members. Anyone interested in participating in this important and interesting committee, please contact me.

I am pleased to announce the new registrants for the 2009-2010 administrative year.
