

Psychological Association of Manitoba Inactive Status Declaration Form

The Inactive registration category is for applicants who do not intend to practice psychology in Manitoba or another jurisdiction for at least six months but no more than two years following the date of the application. A person on the inactive register may apply for an extension of their registration on the inactive register if they submit before the two-year period expires, an application to the registrar that sets out the reasons for the extension request. Inactive members are not required to earn continuing education hours.
