

Internationally Educated Applicants

ACPRO has collaborated with the Government of Canada to make application for registration by internationally-educated psychologists more streamlined and consistent across participating Canadian jurisdictions. ACPRO has developed a portal where internationally-educated applicants can now apply for licensure in Canada. The [ICD Applicant Portal](#) serves as a single window of entry for participating Canadian jurisdictions.

If you were educated as a psychologist outside of Canada and the United States and want to apply to practice as a psychologist in Canada, begin that process by following the instructions provided on the following pages:

- [Before You Apply](#)
- [Application Process](#)
- [Jurisdictional Application Requirements](#)
- [FAQs](#)

Alberta and Quebec currently are not participating in the application process with the portal. If you intend to apply for registration in either jurisdiction, you must apply directly to those jurisdictions:

- [College of Alberta Psychologists](#)
- [Ordre des psychologues du Québec](#)

If you were educated in Canada or the United States, see [Canada & US-Educated Applicants](#).
